# AEROPLEX GROUP PARTNERS

## ENVIRONMENTAL POLICY

Aeroplex Group Partners is committed to environmental responsibility and limiting the impacts that its business operations has on the environment, while maintaining quality services to our customers. We will train personnel on their roles in protecting the environment, maintain processes that prevent pollution, and seek continuous improvement in sustainable business practices. This policy will be reviewed periodically.

Our commitment and responsibility to the environment extends to every aspect of our business, including our suppliers, staff, customers, and the community in which we operate.

To these ends, we have established the following objectives:

- Comply with all applicable environmental laws and regulations.
- Make recycling receptacles available in employee and customer areas.
- Migrate to using energy efficient appliances and LED lighting.
- Offer filtered water fill stations to limit the need for single-use plastics.
- Communicate our environmental commitment and efforts to our customers, partners, and community.
- Train staff on our Environmental Policy Statement and continually empower them to participate in our environmental improvement efforts.
- Implementation of sustainable jet fuels at applicable managed facilities.
- Encourage sustainable business practices in suppliers and vendors.
